Sapphires of Angels

Introduction.

Following on from my work with Colours of Angels I was shown Sapphires on many occasions. I have always associated a Sapphire with the colour Blue so connected this with Archangel Michael. I was then shown Sapphires in many other colours and during a channelling session was given the connections with the other Archangels.

Sapphires are available in many different colours and all have different properties. Each Angel connected me to the energy of these wonderful Sapphires and I was guided to pass these connections on to others.

You do not need to purchase each Sapphire as a stone – they can be placed etherically in to a person's aura and the qualities and properties of each sapphire will be with that person permanently.

As with the Colours of Angels, visualisation is the key to working with the Sapphires of Angels. Sapphires are also known as the wisdom stone and this, along with the guidance of each Archangel will help you on your spiritual and life path.

Simply welcome and accept the wisdom that each angelic sapphire is bringing to you and feel the qualities and wisdom infuse your body, soul and aura to help guide you on your spiritual path.

When you are in need of extra guidance and wisdom simply call upon the Archangel and Sapphire to guide and protect you.

The Colours of Angels attunement is a prerequisite to receiving the Sapphires of Angels attunements.

Each connection is available as a separate connection and may be received in any order at a pace that suits you.

The Seven Sapphire Connections are as follows :

- Archangel Michael's Blue Sapphire – spiritual truth and protection.
- Archangel Jophiel's Yellow Sapphire – spiritual abundance.
- Archangel Chamuel's Pink Sapphire – love and emotions.
- Archangel Gabriel's White Sapphire – higher spiritual consciousness.
- Archangel Raphael's Green Sapphire – vision and compassion.
- Archangel Zadkiel's Purple Sapphire – awakening and calming.
- Archangel Uriel's Star Sapphire – intuition.

The White Sapphire of Archangel Gabriel.

As you will already know from the Colours of Angels connection, Archangel Gabriel serves in the Fourth Ray which is the White Ray of Harmony and Purity.

Archangel Gabriel's White Sapphire is available to us to assist with opening up to the highest purest energy and help us to remove obstacles on our spiritual path and lead a harmonious life.

Once you have received the White Sapphire of Archangel Gabriel you will have a strong and permanent connection to the Sapphire energies of Archangel Gabriel and this will work in conjunction with the Colours of Angels connection to strengthen and purify your spiritual journey.

This connection will help to raise your spiritual awareness and assist you in realising your life purpose and spiritual goals.

When you receive this connection, the White Sapphire of Archangel Gabriel will be placed etherically into your aura and all your chakras and you will be infused with the purest benefits of this connection. The energies will run in the background and will be with you for life. There is no need to receive a reconnection to the White Sapphire although you may receive the connection again if you feel drawn to do so.

Archangel Gabriel is here to help and guide us so never feel afraid to ask for assistance. Archangels are very informal and never ignore us.

Sapphire is excellent for assisting with depression and spiritual confusion.

How to receive the White Sapphire of Archangel Gabriel connection.

The White Sapphire connection can be received either in person or distantly.

Distant Connection

To receive the connection distantly you will need to relax in a quiet place where you will not be disturbed for 30-45 minutes.

Prepare the room as you would for any other distant attunement – light candles, burn incense, play soft relaxing music or whatever you would normally do to prepare.

Make sure that you ask people not to disturb you and remember to switch off your telephone.

You can receive the connection either sitting or laying down, whichever is the most relaxing for you.

At the appointed time close your eyes and say the following either outloud or silently

– “I am now ready to receive the White Sapphire of Archangel Gabriel being sent to me by *teacher’s name here*”.

Then simply relax and let the connection flow. Feel the energy flowing in to your aura, surrounding you with the Sapphire Whitelight and energy of Archangel Gabriel – feel this energy move through your crown chakra and moving down through the rest of your chakras in turn – you may find that the energy flows longer in one or more chakras – when this happens simply know that the White Sapphire is clearing and fully infusing the chakra and will balance and align you.

Once you feel that your chakras have been fully infused with the energy, feel the White Sapphire surround you again with it’s light and loving energy, sealing in the purest and highest energy of Archangel Gabriel. Know that you have the connection to Archangel Gabriel and his White Sapphire to use at any time.

The connection is now complete and the White Sapphire of Archangel Gabriel is with you permanently.

How to use the White Sapphire of Archangel Gabriel.

You will find that the White Sapphire will work with you automatically and will run in the background to guide and assist you and bring higher spiritual awareness. . If you feel that you need extra awareness and wisdom from the White Sapphire you can call upon Archangel Gabriel at any time to assist you.

Simply relax in a quiet place and close your eyes. Say either outloud or silently –

“Archangel Gabriel, please assist me with my spiritual awareness and infuse me with your purest and highest energies to enable me to see clearly the path I should be on and remove the obstacles that are in my way. Thank you “

How to pass the connection to the White Sapphire of Archangel Gabriel.

There are no symbols or complicated attunement procedures with any of the Sapphire connections. If you are sending the connection distantly you can prepare the room that you are in as you would prepare for any other attunement.

Make yourself comfortable, light candles, burn incense or play music – follow your guidance and intuition with this as there is no wrong or right method to prepare to send an attunement.

When you are ready to send the connection, make yourself comfortable and simply read, either outloud or silently , the following script.

“ Divine Spirit, Keeper of the Light, Archangel Gabriel and all my guides, please be with me to pass this connection to the White Sapphire of Archangel Gabriel to _____ *(person's name)*.”

“ _____ *(person's name)* You are about to receive the White Sapphire of Archangel Gabriel which will be placed etherically into your aura and your chakras, enabling you to feel connected to Archangel Gabriel and his wisdom and awareness at all times. You will be infused with the loving, wise energies that Archangel Gabriel brings to you with his White Sapphire and be able to call upon him at any time to receive highest and purest wisdom and guidance.

_____ please now feel the White Sapphire energy radiating throughout your aura as Archangel Gabriel gives to you his special gift. Sense and feel the White energy surrounding you and removing any negativity and doubt that you may have about your spiritual journey. Fully accept and welcome this harmony and purity and feel it infusing your aura with love, wisdom and higher consciousness”

“Archangel Gabriel is now ready to place the White Sapphire into each of your chakras enabling a permanent link to the White Sapphire to further strengthen and grow your bond with him. Feel the White Sapphire being placed into your crown chakra, filling it with the White light that will be with you from now on. Now sense the White Sapphire being placed into your third eye chakra..... into your throat chakra.....into your heart chakra.....into your solar plexus chakra.....moving down into your sacral chakra and finally your base/root chakra. Let the White Sapphire fully infuse and balance you bringing a sense of wisdom, purity and love.”

Allow the energy to flow for a few minutes before continuing.

“_____ you are now connected to the White Sapphire of Archangel Gabriel and this connection is permanent. You will be able to call upon Archangel Gabriel and his White Sapphire whenever you are in need of guidance, purity and wisdom.

Archangel Gabriel also acknowledges that you are able to pass this connection onto others to assist them on their spiritual journey.”

“Thank you Archangel Gabriel and all our guides for being with us during this connection.”

The connection is now complete.

To pass the White Sapphire of Archangel Gabriel in person.

Prepare your room as you would do for any other attunement.

Ask the recipient to make themselves comfortable and close their eyes. They may either sit in a chair or, if you have a treatment table, the person can lay down if they feel more comfortable doing this.

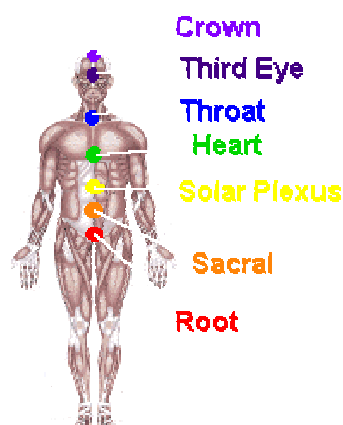

Place your hands on the person's shoulders for a minute or so to establish a connection with them.

Remove your hands and then read the above connection script outloud.

CHAKRAS

There are 7 major Chakras. They are energy portals where energy flows. When a Chakra becomes blocked an imbalance occurs. If it is not cleared then illness and disease can manifest itself.

1. The Root Chakra - located at the base of the spine. It is linked to survival and our ability to ground ourselves in the physical world.
2. The Sacral Chakra - located just beneath the navel. It is related to our sexual and reproductive capacity.
3. The Solar Plexus Chakra - located behind the solar plexus which gives us our personal power in the world.
4. The Heart Chakra - located at the Heart and gives us the ability to express love.
5. The Throat Chakra - linked to creativity and communication.
6. The Third Eye Chakra - located between the eyebrows. This is the centre of intuition and awareness.
7. The Crown Chakra - located at the top of the head. This is relates to ones personal and spiritual connection to the universe.
